Key Dates

Thursday 13th July & Friday 14th July - Year 6 transition days at Withernsea High School

Tuesday 11th July & Friday 14th July - Year 4 swimming

Friday 21st July - Finish for Summer

Withernsea Primary School Newsletter

Message from Mr Hartmann

First of all, thank you for all of your support for sports Day. I enjoyed being a part of this as my first Summer here at Withernsea Primary School.

We have had a few school trips over the last few weeks and I am proud to say that we have had some really positive comments from staff and some members of the public about the pupils' behaviour and the way they have conducted themselves. We also have activities coming up for transition to the children's next classes as well as some days at the High School for our year sixes who we will say goodbye to at the end of the term. I am excited to celebrate their time spent at Withernsea Primary School with them through the next few weeks.

HCAAT celebrated their 10th birthday this week and the children enjoyed a party lunch as part of the celebrations. There was a cake made by our catering team and the lunch was a real success.

Mr Hartmann

Happy 10th Birthday HCAAT

Weekly Attendance

Last week's whole school attendance was 90.3 %. This is below our target of 96%. While we understand that this time of year brings lots of illnesses, please support us by ensuring your child is in school wherever possible so they are receiving a full education.

Each day consists of two sessions so if your child is unwell in the morning but seem to feel better during the day, they could attend for the afternoon session.

Withernsea Primary School Sports Day!

Thank you for the support on sports day this week. We were lucky with the weather and all of the pupils enjoyed the morning, whether that was Thursday or Friday. Also, thank you to Fran and Tesco for hydrating the pupils and bringing fruit for them all.

We hope you all enjoyed it as much as we did.

Lost Property!

We are nearing the end of the summer term and there are lots of items of lost property in both buildings. Please check the north building school entrances for Y3 to Y6 lost property and enquire at the office for items in the south building.

Items that are not claimed by Wednesday 19 July will be donated to our pre-loved school uniform shop.

Thank you.

1 - A big thank you to local agencies who supported our coffee afternoon on Thursday.

A number of parents attended and hopefully benefitted from the presence of our SENCO, Wellbeing Workers and local agency expertise and resources.

We would appreciate any feedback, ready for us to plan the next one!

Easy recipes to make with kids!

Frozen Banana Lollies

Ingredients

- 2 [bananas](#)
- 4 [large strawberries](#)
- 100g [natural yogurt](#)
- 200g [dark chocolate](#)
- 1 tbsp hundreds and thousands
- 4 lolly sticks

Method

- Peel the bananas and trim off the very ends if you'd like them neater. Then chop them each into 4 equal-sized chunks. Thread a strawberry onto each lolly stick first, then push on the pieces of banana.
- When all your banana pops are made lay them on a baking tray and put in the freezer, uncovered, for 1 hr.
- Put the yogurt into a tall glass or jug then dip each banana pop into the yogurt to coat (avoiding the strawberries), then place back onto the tray to refreeze until set.
- Melt the chocolate in the microwave in 30 second bursts (stirring after each blast) then pour into a mug. Dip the end piece of each banana pop in the chocolate then sprinkle over the hundreds and thousands.
- The chocolate should set pretty much instantaneously, but you can keep them in the freezer until you want to serve them for up to 1 week.

Class News

Nursery

In nursery this week, children have been loving painting fish in the creative area.

In literacy the children have been sequencing pictures in the correct order from Sharing a Shell.

We have been exploring and matching amounts and numerals to 5 in our maths sessions.

07.07.23

2 - Reception

Reception

The children have been working really hard this week with writing sentences about the story Sharing a Shell.

In maths we have been building our speed in recognising number bonds to 10.

Whilst in continuous provision, the children have been completing their seaside scenes and exploring sand in the small world area.

07.07.23

Year 1

We have had the busiest week ever this week! We have thoroughly enjoyed our school trip to John Bull Rock factory and loved making our rock and chocolate lolly - not to mention all the free samples we got to try along the way around! The children were so sensible and we had a great time.

We have also really loved sports day and thank everyone for coming and supporting, what a great day!

We are yet to look at our rain gauge in Science to see how much rainfall there has been this season - it has been super hot this week so we are excited to see!

Well done Year 1:)

7.7

Year 2

We have had a fabulous week in Year 2 this week! We have enjoyed Sports Day and would like to thank everyone for coming to support their amazing children! They all tried so hard and helped make the morning a success!

We have consolidated addition and subtraction in Maths and the children have worked really hard doing this.

In English, we have written recounts from our school trip. The children did a fabulous job with this and we have had lots of work to go on the WOW walls! Well done Year 2.

In DT, we have created our moving pictures and in Science we have completed our bean diaries.

Overall a very busy week and we have been so proud of the children and their hard work. Well done Year 2!

7.7

Year 3

We have had a busy week this week working hard to get our units of work close to finished. We have drawn bar charts in maths and used the i-pads in our IT lesson. The highlight this week though had to be sports day! We are so proud of all of the children who took part and it was great to see everyone enjoying taking part as well as winning!

Year 4

Another super week has gone by. It has been lovely to see everyone enjoying the sports day and the swimming while still getting lots done in the classroom too. Our French topic has been Goldilocks and the three bears and pupils have been reading and translating paragraphs of text. Well done. It will be our last week for swimming next week. I was amazed at the amount of progress everyone has made as I walked around today. They have done so well. Have a lovely weekend everyone.

3 - 4ML enjoying the (rare) sun and learning outside. 9/6/23

Year 5

This week in Guided Reading we have continued with our work focusing on Dead Man's Cove and our Ancient Greek non-fiction text where we have been developing our summarising skills and widening our vocabulary. In Maths, the children have begun to explore converting units from kilograms to grams and kilometres to metres as well as continuing to build on their arithmetic skills. In English, the children have completed their myths and written their best copy with some outstanding handwriting! One of the highlights of the week was, of course, sports day! The children showed fantastic sportsmanship and resilience and it was a thoroughly enjoyable morning.

Year 5 will be attending a sports festival with other schools at Withernsea High School on Tuesday morning. They will need to come to school in their kit and bring a drink with them.

Many thanks,

The Year 5 Team

4 - Year 5

This week, year 6 made us very proud in how they represented our year group on sports day. We were very proud of all the teams and would like to thank all the adults, who came to watch, for their continued support. The children really enjoyed their races and it was lovely to see so many smiling faces. In writing, we have continued to learn about the story of 'Macbeth'. The children wrote their own spells this week inspired by the spell in the story, then they added actions and performed these spells for the class. In maths, the children have continued with their various maths projects. In guided reading, we have continued to read our class book 'Wonder' - discussing and exploring the themes. On Friday afternoon, the year 6 classes enjoyed a big water fight. All children thoroughly enjoyed this and so did the teachers! We have lots of other exciting activities coming up in the next

couple of weeks as rewards for the year 6's hard-work and behaviour – we can't wait for them to enjoy these treats too!

-The year 6 team

07.07.2023

5 - Year 6

Provision

What a quick week that was!

We have had a busy week and welcomed some new pupils to our room.

We have finished our science unit and have a great understanding of the life cycles of frogs and humans.

In english the children wrote the most wonderful stories based on Bog baby.

Sports day was brilliant! We have been very proud of how our children conducted themselves on the days. We have proved how amazing our children are when on the big stage.

finally, the first of our juicy tomatoes have begun to ripen. I think a taste test will be in order next week.
